I DAMONT

Dear

The

Dedication

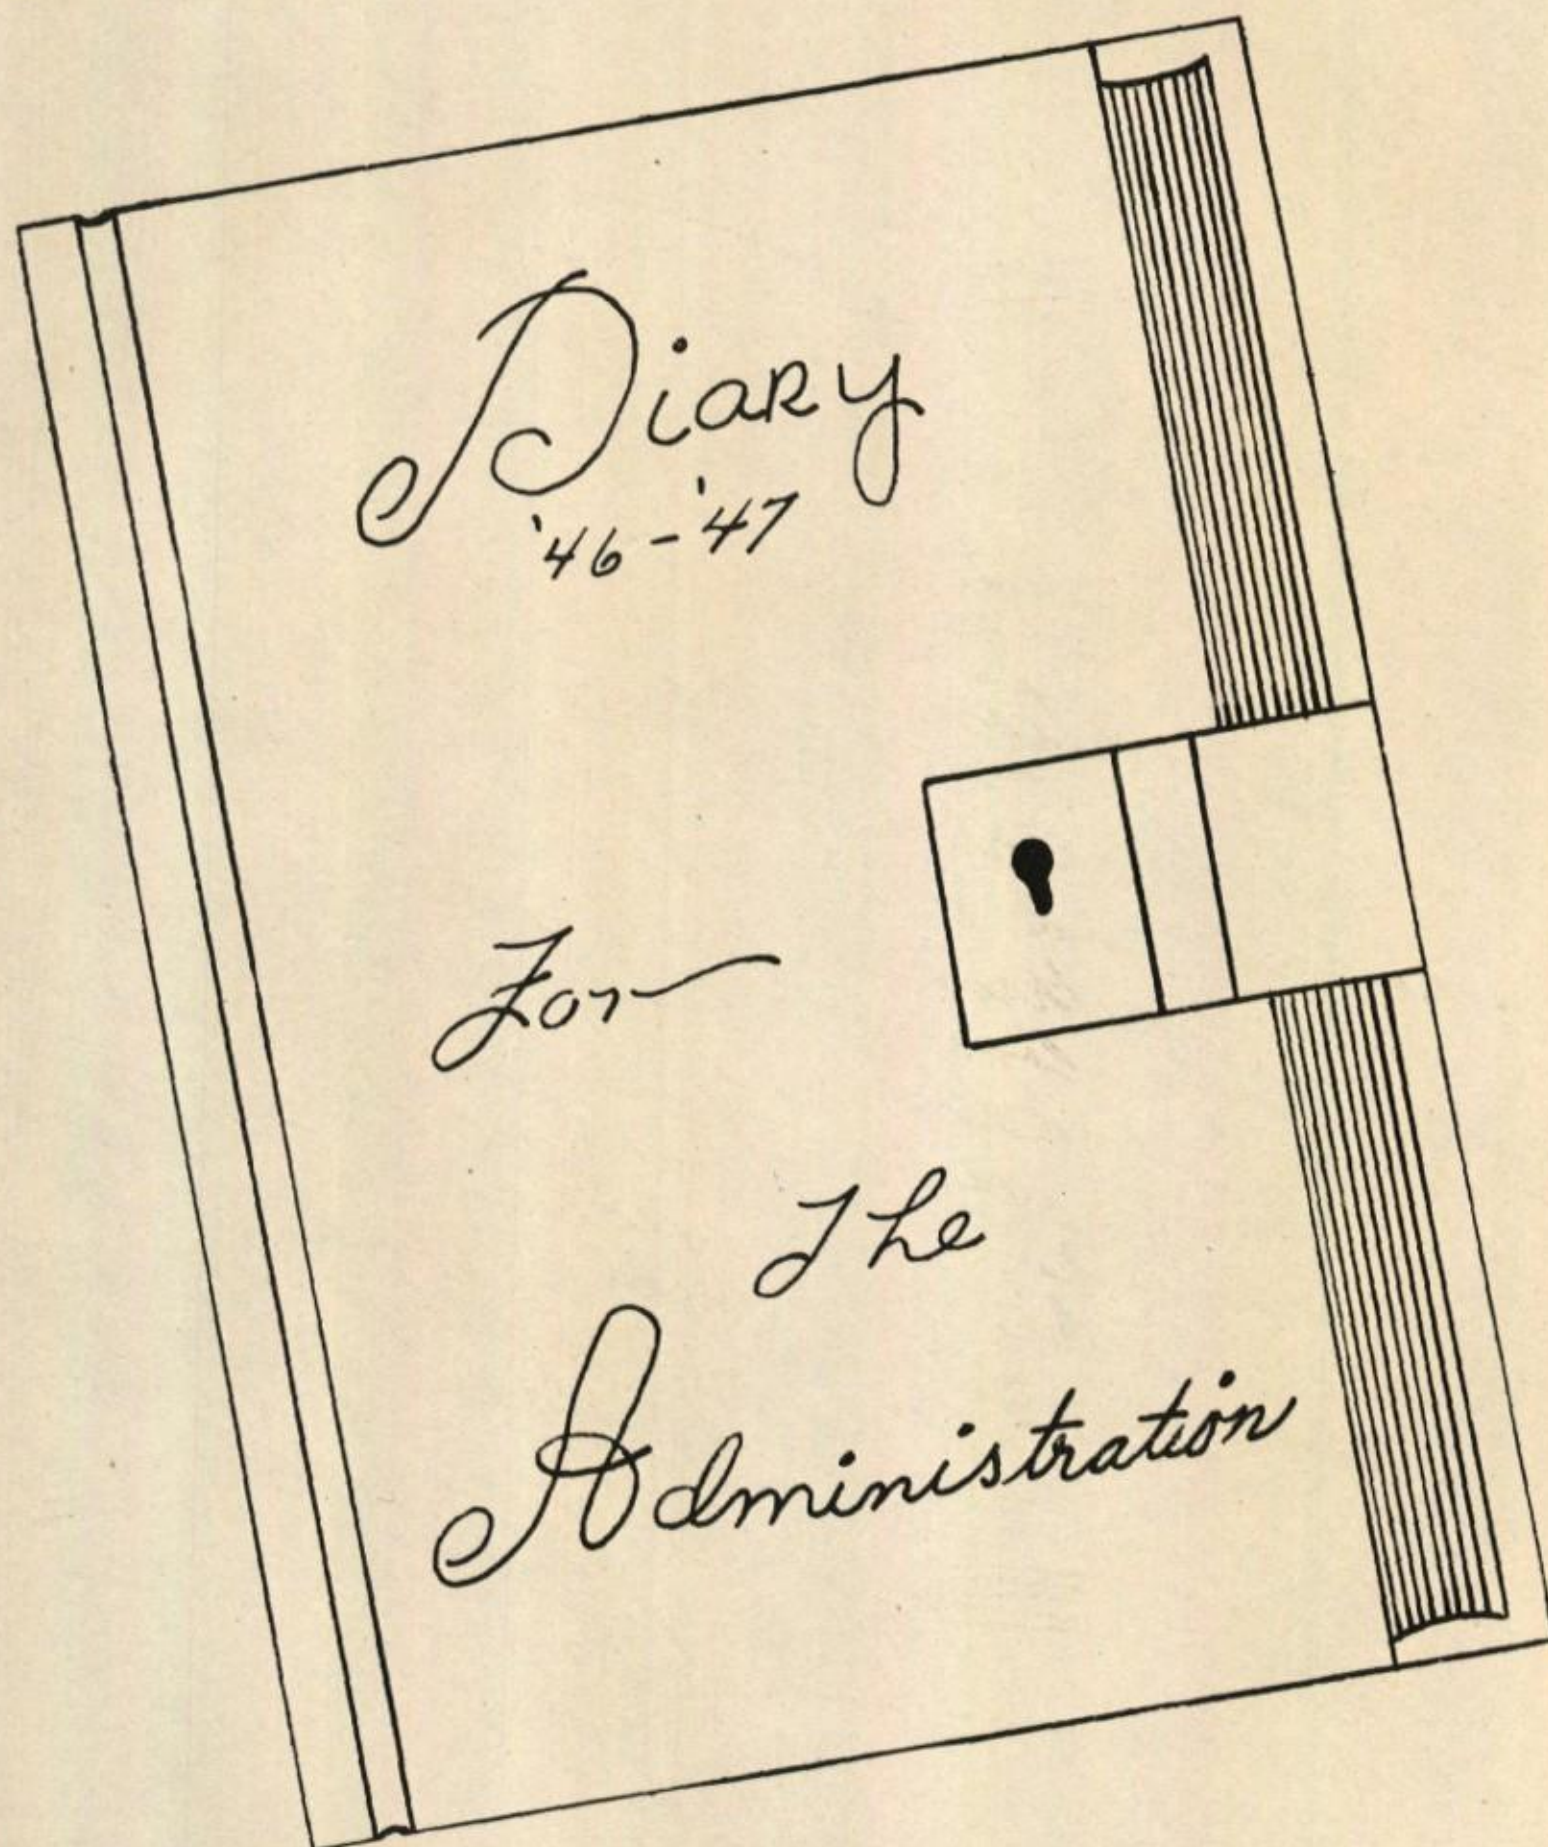

To our parents,
who have led us
thus far through
life with loving
hands and tender
kindness, we wish
to dedicate this
book, the 1947
Idamont.

Diary

Forward

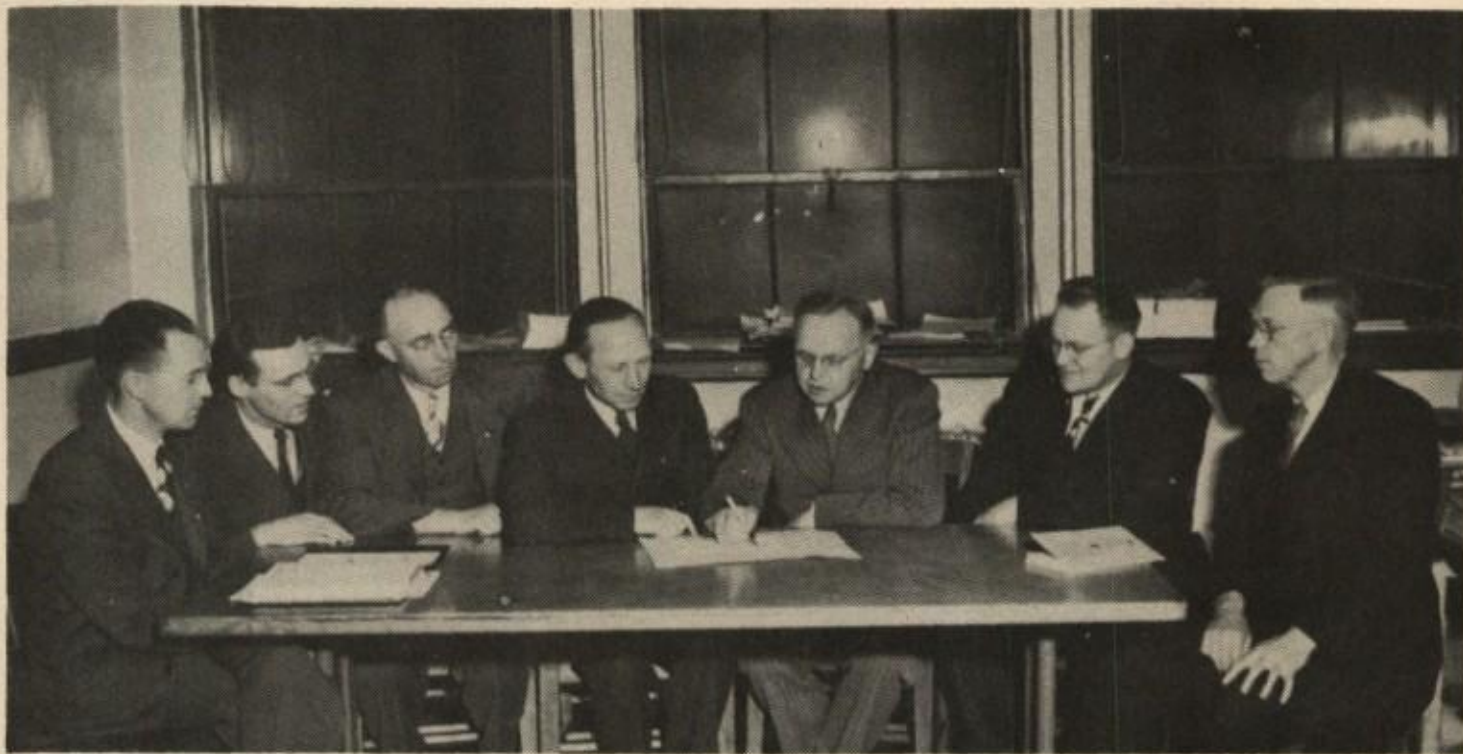

We, the members
of the Idamont
Staff, have en-
deavored to present
to you an Idamont
that will bring
back memories
of good, old M. H. S.
in your future
years. So, for
your enjoyment
we present the 1947
Idamont.

ADMINISTRATION

BOARD OF EDUCATION

So, you are attending high school! You expect to **get** a diploma at the end of four years of **enrollment**?

Will your diploma be a **gift** or an **earned award**? Is your stay in high school merely a **period of enrollment** or is it thirty-six months—seven hundred twenty days—of intelligent effort toward worthwhile accomplishment, earnest and enthusiastic participation in the program of studies, activities, real living in a democratic society?

What **kind** of a diploma are you ordering? Are they not **ALL ALIKE**? In appearance they are exact duplicates for any graduating class, except for the student name engrossed on each. They have identical covers and are all printed from the same die. In **reality** there are as many **different kinds** of diplomas as there are individual students in the graduating class—because **yours** represents nothing more or less than **your response** to the opportunities that have been placed before you in those seven hundred twenty days!

What kind of a diploma have **you** ordered?

A mere certificate of attendance? Full time attendance, half time, part time, attendance at convenience, as infrequently as possible and yet be retained on the school rolls?

A certificate of attendance plus a voucher of mediocre, indifferent accomplishment thru half-hearted and reluctant effort? A testimonial to the effect that you operated at half power? That you did the least possible work that would permit you to "get by"? That you were not really a boosting stock holder in the corporation, but rather, a stingy, miserly small speculator, hoping that thru a negligible investment you would share the full dividends equally with the bona fide investor?

An award of genuine merit? A proclamation that during those seven hundred twenty days you knew your place of business, that only emergencies kept you away from that place of business. That your accomplishments in classes, regardless of the grades, received, were the result of somewhere near your best effort. That you honestly tried. That your participation in activities was on this same willing and honest level. That you, to the best of your ability, set yourself into the pattern of worthy living in the democratic society of your school. That you neither asked nor expected special favors that could not be extended generally to the student body. That you were a **GOOD** citizen.

Yes—all diplomas **look** alike! They are in reality very different! The kind of a diploma you receive will to a considerable degree be revealed to the college you later attend, or to some employer who may become interested in you, thru your official transcript of your high school record. However, only one person in the world will ever know **exactly** what kind of a diploma **you** receive. That person is **YOU**.

Is it or will it be the kind of a diploma that **YOU** will forever be proud to possess?

STAFF

When Mrs. De Clark walked into MHS, she walked into the hearts of the students of this high school. Yes, we have all come to love and appreciate her pleasing personality and happy smile. Here's to a person that will be long remembered in this school.

STUDENT BODY OFFICERS

Harriet Closner, Vice President

Synonymous with Harriet are activity, friendliness, cooperation, and enthusiasm. As Student Body Vice President she has shown her ability for leadership and demonstrated her school spirit. She is a favorite among her classmates and her efforts and planning have helped make the school year of 46-47 more enjoyable.

Richard Burgoyne, President

Richard's congenial personality, ability, and friendliness won for him the responsibility of the highest office in M. H. S. that of Student Body President. His gentlemanly manner and ready smile achieved the cooperation and admiration of everyone. He very capably executed his office, besides having time for various outside activities.

JoAnne Jones, Secretary

JoAnne Jones, "Dutch" to her friends, has one of those winning personalities that will be an asset to her throughout her life. Her popularity among the students was shown in her election to the office of Student Body Secretary, and she has successfully carried out her duties as such. JoAnne has always given her full hearted cooperaiton in all school activities.

Ray Seewer, President

FRESHMEN

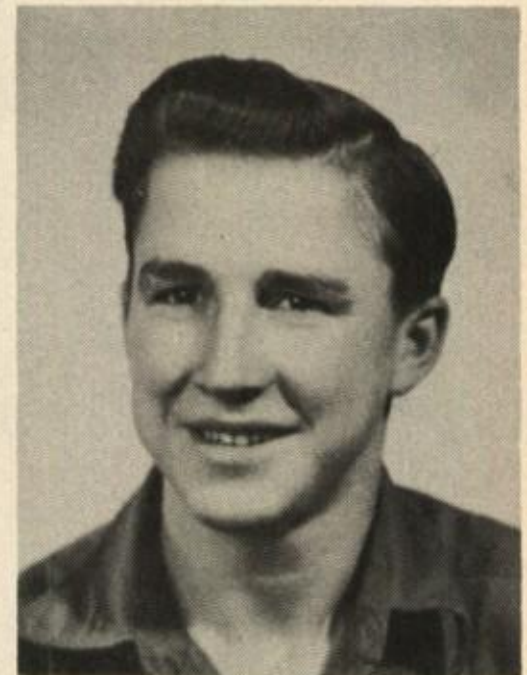

Robert Liljenquist—Vice President

"Lefty", our vice president, has been very busy with his athletic ability and playing in the band; but he has done much for his classmates. Through his efforts he should do very well in many other fields as well as athletics.

Kay Rasmussen—President

This years class president is very popular with his fellow students. Although he is very quiet, he does his work persistently. We know he will reach the highest possible, through his fine efforts; and we're looking for big things from him.

Russell Hansen—Secretary

A winning smile, sparkling eyes and dark hair describe Russell, our secretary, very well. His ability is highest in athletics where he has shown co-operation and hard work.

CALENDAR

September 9

There was lots of growlin' in the halls today as the M.H.S. Bears gathered for the first day of school since their long summer hybernation.

September 13

All the bears—cubs and all were to our get-acquainted dance. Did you ever see a "bear hug?" You shoulda' been there to see some of the supposedly green freshmen.

October 3

Some of those unfortunate freshies would have looked better in their "bear" skins (initiation ya know).

October 10

The temperatures rose today as the M.H.S. family was serenaded by the Melody Maids.

October 17

All bears turned out for the purpose of getting pep for our Paris-Polier game and if they didn't have it before they sure had it after.

Nov. 8

All Juniors and Seniors (the more educated) had their annual party before they lose their good school spirit.

Dec. 11

Seems kinda like the bears found a new game for this year. Basketball began as of today and Bear Berrett has his cubs all ready to go.

Dec. 16

The Seminary put on their finest fur coats and attended a bit of shake-a-leg entertainment at the favorite hollow tree. (2nd Ward to you)

Jan. 24

Again fur coats of the better quality were added for the Senior Ruff (rough?)

February 5

The boys really used their paws to advantage to get that ball from our opponents and into the basket.

March 4-8

All of us that could went into Indian country this week to see our M.H.S. Bears fight for their place in the basketball tourney.

March 22

The Bears got out their skirts and sweaters for this bit of frolic. Those with the PC on their sweaters were the sole sponsors of this jig.

April 4

Those Juniors all got busy and fixed up some trimmings on the old tree hollow for their annual frolic of the cubs.

April 11

Mr. Bear—Baker that is—has worked hard getting all those paws on the right keys for this band concert.

April 25

Spring fever and music caught us. We've come from our big sleep and went to Poky to prove we could growl after tuning up all winter.

May 2

All Seminary graduates took Pappa and Mamma bears cars and made way to Salt Lake City. Seniors left for campus day at Poky.

May 8-9

Look out Idaho Falls, here we come. We all have hopes of winning. We want to wun away with the one's.

May 24

Seminary hunted deep and found their formals for their last bit of Bear dancing for this year.

May 29

We hear all kinds of growls today. Listen to that happy tone. What! Some aren't so happy. How about that, Seniors? You say you really like M.H.S. and had fun while here? It has its good points too? Sure it has. Good Luck to our Seniors of '47.
